Memorandum of Understanding

1. The parties shall establish a governance structure which provides joint and equal representation for employers and employees effective upon signing of the Memorandum of Understanding. Such joint board will be composed of nine (9) school district representatives and nine (9) bargaining unit representatives.

The parties are currently investigating the proper legal vehicle which must be established in order to effect the intended governance structure. Once that is determined, it is the intent of the parties to take any and all necessary actions to put this joint governance structure in place. Meanwhile, a joint board will be created as defined above. Any decisions made by this joint board will come before the current Board of Directors with the understanding that said decisions shall be approved.

2. Reserves and surpluses during the initial period commencing July 1, 1996 and further referenced in item 14 will be maintained as follows:

A. Reserves - equal to 25% of Projected Annual Claims.

B. Unencumbered Surplus - 7% of Projected Premiums.

The governing board of the consortium specified in item 1 above shall determine the allocation and use of funds in excess of reserves and/or unencumbered surplus amounts/percentages. It is agreed and understood that no new benefits will be added to the plan prior to July 1, 1999 except as mandated by law.

3. The Consortium will maintain annual premiums for the 1996-97, 1997-98 and 1998-99 school years as follows, (subject to per capita entitlement calculations; see item 12E).

Single Coverage	-	\$2,280.
Family Coverage	-	6,012.
Single Over 65	-	444.
Family Over 65	-	852.

These premiums cannot be changed during the aforementioned three-year period except under extraordinary circumstances to be determined by the joint governing board or as necessitated by per capita entitlement calculations.

However, in no instance will participating districts be liable for premium increases over and above the Bureau of Labor Statistics for Northeastern United States Medical CPI for the latest 12 month period available as of March 1 in any given year, except as necessitated by per capita entitlement calculations.

Memorandum of Understanding
Page 3

4. The drug co-pay amounts and major medical deductible amounts will be:

A. Drug Co-Pay (*Preferred Choice Plan, effective January 1, 1997*)

Amounts

\$3.00	- Generic
\$5.00*	- Brand name, if doctor indicates "dispense as written" (DAW)
\$0.00**	- Mail order

*1 If a generic equivalent does not exist, the generic co-pay will apply.

*2 At the employee's option, if doctor does not indicate DAW, then the brand name is available only upon the payment of the brand name co-pay and the difference between the cost of the brand name drug and the generic drug.

** All maintenance drugs must be obtained by mail order and must be the generic variety unless the prescribing doctor indicates DAW.

B. Major Medical Deductible (*Effective January 1, 1997*)

Amounts

\$150/\$450

5. The "triggering event" which would necessitate the governing board to act by March 1, 1999 effective on July 1, 1999 for the 1999-2000 school year and on March 1, for any school year thereafter would be a projected diminishment of reserves and surpluses below the agreed upon levels as specified in item 2 above determined by the Plan's Consultant and subject to independent verification should a majority vote of the governing body demand such, after a premium increase equivalent to the Bureau of Labor Statistics for Northeastern United States Medical CPI for the latest 12 month period available as of March 1 in any given year has been applied in any applicable plan year (school fiscal year).
6. All participating districts in the Franklin-Essex-Hamilton Health Insurance Consortium will establish a flexible spending plan pursuant to IRS Section 125 regulations which shall go into effect no later than January 1, 1997. Such plan shall be administered by a plan administrator initially agreed upon by the negotiating teams. Subsequent to adoption of such plan, the plan's operating procedures shall be determined by the governing board and any applicable IRS Regulation(s). This plan may be utilized for premium payments, dependent care, and unreimbursed medical expenses.
7. Parties ratifying this Memorandum of Understanding as outlined in item 15 hereby agree to simultaneously incorporate this Memorandum of Understanding into their respective Collective Bargaining Agreements.

8. Any "other" agreements entered into by the respective parties that are in conflict with the terms or intent of the agreement reached in this negotiation shall be amended to incorporate the terms and/or intent of said agreement as necessary and/or appropriate.
9. Any rights guaranteed to members and dependents, retirees and their dependents under the Consortium shall not be diminished or altered except as expressly stated in this Memorandum or later approved by the joint governing board.
10. Employee members of the governing board will be released from work to attend any meetings of the governing board or of its subcommittees. Meetings will be held quarterly during the school day except as otherwise agreed to by the governing board.
11. If a majority of the full governing board fails to agree on the meaning or interpretation of any of the terms of this Memorandum and/or the legal document(s) which are created to effect the joint governance structure, the issue shall be submitted to the American Arbitration Association for expedited adjudication of the dispute. The power of the arbitrator shall be limited to the resolution of the meaning and/or interpretation of specific language found in this Memorandum and/or the joint governance document(s) referenced above; and, the arbitrator shall have no power to add to, amend, or delete any of the terms of this Memorandum and/or the joint governance document(s). The decision of the arbitrator shall be final and binding on the parties to this Memorandum.
12. Dual Coverage
 - A. All existing contract language regarding dual coverage remains in effect through June 30, 1997. Effective with the signing of this memorandum, present employees may not change coverage without a change in marital status, gain/loss of dependents or other change in life circumstances affecting health insurance coverage.
 - B. Effective January 1, 1997, new hires and their spouses are restricted to one family coverage or, at their option, two individual coverages. Employee spouses choosing family coverage under this provision will both be named equally as covered employees. For actuarial purposes, claims will be aggregated according to the birthday rule and the total amount will be divided effective at the end of the school year if the spouses are employed in different school districts within the Consortium. The Consortium shall assure that claims for the employee(s), their spouses and dependents for any and all health insurance claims which would have been paid if each employee had opted for a family plan will be paid.

Memorandum of Understanding
Page 5

- C. Effective July 1, 1997, all employees and their spouses are restricted to one family coverage, or at their option, two individual coverages. Employee spouses choosing family coverage under this provision will both be named equally as covered employees. For actuarial purposes, claims will be aggregated according to the birthday rule and the total amount will be divided effective at the end of the school year if the spouses are employed in different school districts within the Consortium.

The Consortium shall assure that claims for the employee(s), their spouses and dependents for any and all health insurance claims which would have been paid if each employee had opted for a family plan will be paid.

- D. New premium rates will be computed effective July 1, 1997 based on the gain/loss of single and family coverage at a level necessary to generate a pool of money as if no change was made. Effective March 1, 1997 and on March 1st each year thereafter, a demographic comparison of the number of employees otherwise eligible for a second family coverage shall be performed. If the number of such employees has changed in comparison to the prior year, then the total pool of money may be increased or decreased accordingly as determined by the governing board. Any adjustment shall be reflected in the following year's premium rates. The freeze on rates for 97-98 and 98-99 does not apply to the redistribution of the total premium dollars. Effective July 1, 1997 and each year thereafter, the total pool of money shall be adjusted to reflect changes in per capita enrollment and all applicable premium increases.

It is agreed and understood that participating districts reserve the right to phase in the necessary premium adjustments over a two (2) year period as follows:

- Billed rates for 97-98 will reflect 50% of the impact of the new premiums.
- Billed rates for 98-99 will reflect 100% of the impact of the new premiums.

- E. The billed rates for 98-99 form the basis upon which the analysis of the plan performance and the projection for 1999-2000 will be made. That is, the maximum increase in district cost shall include any increases resulting from per capita enrollment increases and application of the Medical CPI as defined elsewhere, applied to the new higher rates.

13. Contracts with proposed third party administrators and plan consultants will be bid at the conclusion of the current contracts. The contract for prescription drug coverage will be bid immediately.

Memorandum of Understanding

14. There shall be a moratorium on negotiations for employee health insurance contributions or health insurance benefits at the individual district tables commencing upon the ratification of this Memorandum and expiring July 1, 2002. This moratorium does not extend to any other insurance benefits, such as dental, optical, life, disability, etc.
15. This Memorandum of Understanding is subject to review prior to October 1, 1996 by legal representatives of both parties. In order to participate in this Memorandum of Understanding, parties must take appropriate action prior to November 1, 1996.

TO: Malone Central School District Employees
FROM: Richard V. Spataro, MCSD Employee Representative
RE: Health Plan Update
DATE: January 30, 2004

At the January 16 meeting of the FEH Health Consortium Governance Board, a formal agreement was reached between the districts and the employee groups.

The moratorium on the memorandum of understanding will be extended for three years through the 2006-2007 school year. This means that the Malone Central School District will continue to pay 100% of the premium for all active employees.

Employee groups, after much negotiation and deliberation, agreed to an increase in the pharmaceutical mail co-pays to the level of \$16/30/60, which is double the retail co-pay. Inpatient deductible will be raised from zero to \$50.00. Other deductible and co-pay structures will remain the same.

By increasing the pharmaceutical co-pay and establishing inpatient deductible, the employee groups will pick up 15 to 20 percent of the 2.4 million dollar amount necessary to balance our budget and maintain the required reserves.

The employee representatives, less one abstention, agreed unanimously to accept this agreement.

Thank you for your support throughout this process. I am looking forward to being your representative for the next year.

ARTICLE 20 - INSURANCE - *See Memorandum of Understanding included in Appendix A

A. Insurance Deductions: All programs for insurance deductions shall be authorized by the Board of Education before becoming active.

B. Health Insurance:

1. Employees must work twenty-five hours or more per week to be eligible for health insurance benefits. Employees receiving health insurance benefits on December 31, 1983 will be exempt from this condition as long as working hours are not reduced from the pre 12/31/83 level.
2. The district will pay 100% of the premium for individual and family coverage for those employees who are eligible for participation in the district's health insurance program.

C. Dual-Family Coverage Agreement:

1. A married staff member, who is covered under the Malone Central School District health plan or is covered by a spouse's health plan offered by an employer other than the Malone Central School District, may voluntarily forego having the family coverage while the other member is enrolled in the family health insurance plan offered by the Malone Central School District or by the outside agency. It is understood that the Unit will encourage its members to participate in this agreement. The purpose of participating is to significantly reduce the cost of the health insurance plan for the district.
2. In return, a married staff member who foregoes the family coverage, as outlined in (a) above, will be reimbursed by the District for the deductible portion of Major Medical and any medical expenses remaining after Major Medical payments have been received. A two member family unit will be covered for expenses up to \$550.00. A three or more unit family will be covered up to \$625.00. If changes occur in the structure of the District Health Plan these payments will be adjusted to correspond with the changes in the Health Plan. It is expected that these expenses will be offset by savings in the premium cost for those members who voluntarily forego District health coverage.
3. Any family unit who participates in this Dual-family coverage agreement, and who does not apply for reimbursement as described in B-2, or who is entitled to Health Insurance coverage but foregoes such coverage by the District, will be reimbursed by the District at the rate of \$200.00 for a two member family unit and \$250.00 for a three or more member family unit. This good-health payment will be paid not later than June 30 of each school year in a check separate from a normal payroll check.

D. Employees must work twenty-five hours or more per week to be eligible for vision care benefits. District shall pay up to \$207 for vision care benefits administrated by CSEA's employee benefit fund.
